Probable Change in the Spanish Government—Naval Preparations.

WASHINGTON, Nov. 25.—The first intimation yesterday of a probable change of the Administration in Spain, with Serrano as dictator, came through British official sources today. The story is varied in another quarter, namely: that the Castellear Government is to be overthrown by a combination of ruling Spaniards. The plan is said to include the establishment of Marshal Serrano as Regent for the young Duke Alfonso. Our Government has no official advices on the subject, nor does it consider these reports trustworthy.

The President has appointed E. R. Bagwell, of Va., a Commissioner Substitute to the Centennial Commission.

Secretary Robeson left Washington last night for Philadelphia, on business connected with the fitting of vessels. It is said by the Bureau officers at the Navy Department, that so far from orders being issued for a suspension of such work, they are engaged in hurrying the preparation to completion.

The President has signed the naturalization treaty between the United States and Ecuador.

It is denied that the Spanish Government is disposed to submit the Virginius question to the Emperor of Germany for arbitration.

Tweed's Operations—Mysterious Disappearance—Firms Resuming—A Movement to Throw Counterfeit Bonds on the Market.

NEW YORK, Nov. 25th.—It has transpired that on Saturday last Tweed transferred a large amount of real estate to various parties.

A Mrs. Schroot appeared at police headquarters yesterday and stated that her husband, who had in his possession $12,000, and her little daughter aged 12 years, disappeared from the Boston boat at the wharf here on Friday last, and she believed they had been murdered. The party had just arrived from Rotterdam and were going to Boston.

A large number of firms carried down by the force of the late panic, have perfected arrangements with their creditors, and are getting in shape to announce a resumption in business.

It is said that the detectives have gained reliable information relative to the movement to throw a large quantity of forged United States bonds on the market, and that important arrests may be made.

MIDNIGHT DISPATCHES.

THE WAR SPECK!

The Spanish Authorities in Cuba Preparing for War Against the United States—They Refuse to Give Up the Virginius—They Mean Fight—The Cuban Press Opinions.

NEW YORK, Nov. 25.—A letter from Havana, dated Nov. 20th, says there is much talk of war with the United States. The Captain General and his military chiefs have had several meetings, but the result of their deliberations are not known. One thing is certain, however, that preparations for defense are being actively made. Guns are being mounted on all the forts around the city. Who they will get to man them is another matter, as they have no artillerymen; powder is also being supplied, and a general bustle is noticeable around the arsenals. The people talk warlike, and express their determination to make no concession. They say they will fight to the last before they will give up the Virginius or any of the persons who took part in the execution of her crew.

The Conservative journals publish articles to excite the people, and the Republican papers join in for fear they will not be considered patriotic.

The statement that the Tornado is captured by a blockade runner, is incorrect; she was built in England for the Chilian Government at the time of the war with Spain, and was captured by the Spanish man-of-war Gerona, and taken into Cadiz, where she was condemned and sold. She is a fine vessel.

THE SPANISH OUTLOOK.

The American Cabinet—The Cuban Difficulty Discussed—The Spanish and American Government—Things Looking Not so Much Like War.

WASHINGTON, Nov. 25.—The Cabinet was in session two hours to-day. The Spanish question was debated, but no additional facts were presented by the Secretary of State, nor was any new action taken relative to the subject. Nothing has occurred since the capture of the Virginius and the executions which followed, to show that the Spanish government is influenced by any but a friendly desire to preserve peace between the two nations, and, if possible, to cultivate stronger relations of friendship.

This government will act toward Spain as toward all other countries in case of controversy, and await with proper respect, replies to our complaints. There is, however, anxiety expressed for intelligence from Spain of a decicive character, in order that Congress may, in the President's message, be made acquainted with all the facts. There are indications that dispatches were received to-night by both Secretary Fish and Admiral Palo from the Spanish minister at Madrid, of a character which gives more than heretofore promised of a peaceful solution of the present complications, and it is known that these gentlemen in a private conference for several hours to-night at the residence of Mr. Fish, comparing dispatches and discussing generally the situation of affairs.

It seems to be the impression that instead of our Government having to wait for reports from Minister Sickles, concerning the Spanish Cabinet's views, the Spanish Cabinet has conferred extraordinary powers on Admiral Palo, to communicate directly with our Government, through the Secretary of State. At all events, the Spanish minister is now brought into more intimate converse with Secretary Fish than at any time since the present trouble began.

It was remarked to-night by a gentleman prominently connected with this Government, that "things look far more hopeful now than ever."

A JUROR DROPS DEAD IN COURT.—On the 19th instant Mr. Peter Cooke, an old and well known citizen of Hartford, Connecticut, was serving upon a jury in the Court of Common Pleas in that city in a suit for the recovery of house rent. After agreeing upon a verdict the jury entered the court-room, when, instead of going to the seats provided, he sat down on the first of the long benches. One of the jury called the attention of the Sheriff to the case, telling him that Mr. Cook's condition required attention. In a minute more Mr. Cooke fell over, in a dying state, and within four minutes he was quite dead. The verdict, which was for Ranney, the defendant was received by the Court and duly announced. It is believed to be a case without any precedent—a juror dropping dead between the time of the agreement on the verdict and its delivery. If it had been a murder trial, no doubt it might have involved a new jury—a new trial.

On motion of Mr. Welch, the joint rules of order were concurred in by the Senate and ordered to be printed.

On motion of Mr. Grandy, the Senator from Pitt, McCotter, was granted leave of absence from and after to-morrow.

On motion of Mr. Love, the Assistant Clerk of the Senate was granted leave of absence from the commencement of the session till to-morrow morning.

Calendar.

On motion of Mr. Cunningham, the rules were suspended, and the bill to provide for and cure certain irregularities in executions was taken up. The Judiciary Committee reporting favorably upon the bill, it passed its several readings without opposition, and upon motion of Mr. Cunningham the rules were suspended to allow the bill to be engrossed and sent to the House.

In regard to the bill Mr. Cunningham said there was a pressing necessity for this bill, and hoped it would be passed without delay. The Code of Civil Procednre requires executions issued by the Superior Courts to be made returnable in sixty days, and the act suspending the Code, ratified March 22, 1860, required exeeutions when issued as aforesaid, to be made returnable to the next term of the Superior Court after their issue, and in consequence of the delay in the publication of this act, many executions were issued after its passage, and made returnable in sixty days instead of to term time as required by said act. The Clerk of the Superior Court of Person informed him that this was as the case there, though the acts were by a previous official and done without any fault of his, and probably the same necessary mistakes were elsewhere committed. This bill was intended to validate these claims, and thereby prevent future litigation and trouble, and he trusted that a measure so necessary, working no harm to any, and intended to prevent great confusion, would at once receive the sanction of the Senate. As all were aware, the changes in our legislation had been great and rapid—often involving trials and expense to the people, and that we could not be too careful to heal any source of trouble to the public so occasioned, and which it was in our power to cure as in the present case.

On motion of Mr. Waring, the House resolution in regard to relief of the Public Printer, was taken up and passed its several readings unanimously.

Senate Bill, No. 9, to provide for an additional term of the Superior Court of Guilford county, passed its several readings.

On motion of Mr. Flemming, the rules were suspended and the bill to repeal section 1, chapter 171, laws of 1871-'72, prohibiting the sale of liquor within two miles of Vine Hill Academy was taken up.

When the bill was read, Mr. Welch insisted upon its reference to the Committee.

Mr. Dunham made an explanation to the effect that 300 yards and not two miles was the original intent of the bill, and Mr. Welch withdrew his motion.

The bill passed its several readings.

On motion the Senate adjourned till 11 o'clock to-morrow.

The resolution to investigate the affairs of H. J. Menninger, late Secretary of State, was taken up and adopted.

The resolution that no contract for the public printing shall have force until ratified by both Houses of the General Assembly was taken up.

Mr. Watson moved to table.

The yeas and nays were called and the motion to table was lost by a vote of yeas 46 nays 57.

The question then recurred upon the adoption of the resolution and a vote being taken the resolution passed its second reading—yeas 77, nays 21. The resolution then passed its third reading.

A message was received from the Senate transmitting the House bill extending the time of Sheriffs, &c., asking concurrence in several amendments thereto.

On motion of Mr. Stanford, the House refused to concur in the amendment extending the time to the first Monday in February instead of the first Monday in January, as was originally mentioned in the bill. The other amendments were concurred in.

On motion of Mr. Gorman, the bill in reference to the organization of the State militia was referred to a Joint Select Committee to be raised to consider this matter, and the Chair announced Messrs. Gorman, Bennet and Bryson, of Swain, as the House branch of said Committee.

Adjourned.

[NOTE—In Monday's report Mr. Ballard, of Gates, should have been recorded as voting in the affirmative on the proposition to lay the civil rights bill on the table. Mr. Jones, of Caldwell, voted in the negative.]

OXFORD ITEMS.—Our Oxford correspondent, writing under date of yesterday, sends us the following items:

Mrs. Griffith, wife of Rev. F. R. Griffith, pastor of the Methodist Church died on yesterday morning November 24th, at 5 o'clock, a. m. In her case, able medical skill and faithful nursing by kind friends were unavailing to avert the arrow of death. Some one familiar with the character of the deceased will doubtless furnish for publication a suitable tribute to her worth. Mr. Griffith in his sad bereavement has the heartfelt sympathy of his many friends in this community.

Rev. L. K. Willie has been selected to preach her funeral to-day Nov. 27th at 2 o'clock.

On Saturday night a meeting composed chiefly of colored persons, was held in the Court House. We did not attend, but learn that one of its objects had reference to the liberation of the slaves in Cuba. Calvin Hester and Hayes, both colored orators, were brim-full of enthusiasm, and expressed an anxiety that the United States Government would do something to aid in striking the manacles from the hands of the slaves in Cuba. Rev. Lewis C. Ragland and Sheriff Moore deprecated in strong terms the position occupied by Hester and Hayes. Excitement ran high, resulting in "confusion worse confunded." Messrs. Hester and Hay s failed in their object, and the slaves of Cuba still groan under the lash of their masters' whip.

Calvin Hester availed himself of the opportunity to announce himself as a candidate for the office of Sheriff at the next election.

Jordan Potter, ex-president of the league, was present at the meeting, looking on in sultan, but dignified, silence. Since his recent incarceration Jordan has manifested an extreme disgust for some of his former political friends. Jordan thinks the fair fame of his party has been soiled by his having been in jail, and says that such an outrage ought not to have been allowed.

UNITED STATES CIRCUIT COURT.—The Court met at 10 o'clock, pursuant to adjournment, His Honor, Judge Brooks, presiding.

The following gentlemen were drawn as Grand Jurors, sworn and charged: Samuel H. Rountree, of Lenoir, foreman; Oscar Speller, Bertie; W. G. Otey, C. D. Heartt, Jno. O. Kelly, C. J. Rogers, W. F. Askew, James H. Jones, William Simpson, W. H. Stone, C. N. Hinton, Wake; Wm. King, Bertie; Marion Stephenson, Johnston; Jonathan Jenkins, Thos. H. Blacknall, Granville; Enos Rose, R. B. Griffin, L. C. Carrer, Nash; Silas H. Blount, Carteret; Wm. M. Cherry, Beaufort.

A number of cases against defendants under the enforcement acts of Congress, submitted to a verdict of guilty on the counts for conspiracy in the several indictments against them, and judgments were suspended on payment of costs. This disposes of most of the so-called Ku-Klux cases before the Court.

His Honor announced that, as to-morrow would be occupied in the consideration of cases of especial importance on the Civil Docket, and the following day was thanksgiving, witnesses and defendants in United States cases would be excused till Friday.

A number of *sci fa* cases were discharged upon a payment of penny and costs.

SHERIFFS SETTLING.—Since our last report, the following Sheriffs have reported at the State Treasury:

No. 16—M. E. Alexander, Sheriff of Mecklenburg, $23,415.16, amount in full of his State taxes from his county.

No. 17—J. N. Vestal, Sheriff of Yadkin, $3,591.54, in full of the State taxes of his county.

No. 18—Thos. E. Pritchett, Sheriff of Jones county, $5,348.86, in full of the State taxes of his county.

No. 19—Orlando Hubbs, Sheriff of Craven county, $11,690.08, in full of the State taxes of his county.

No. 20—John R. Wyatt, Sheriff of Alleghany county, $2,303.14, in full of State taxes of his county.

No. 21—E. P. Moore, Sheriff of Burke county, $3,216.25, in full of State taxes from his county.

No. 22—B. F. Briggs, Sheriff of Wilson county, $10,742.30, in full of State taxes from his county.

No. 23—R. R. McCaul, Sheriff of Caldwell county, $3,270.48, in full of State taxes from his county.

THANKSGIVING DAY.—Thanksgiving service will be held in the Presbyterian Church Thursday morning, at 11 a. m., conducted by the pastor, Rev. J. M. Atkinson.

Divine services will be held at the same time in the Baptist Church, Rev. Dr. Pritchard presiding.

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

WEDNESDAY..... NOVEMBER 26, 1873.

THE appointment, by his Excellency, Gov. CALDWELL, of WILLIAM P. BYNUM, Esq., of Charlotte, as an Associate Justice of the Supreme Court, to fill the vacancy occasioned by the death of Hon. NATHANIEL BOYDEN, is a good one. Mr. BYNUM is a lawyer of ability and character.

WE notice that the Alabama Legislature, which assembled on the same day with ours, has passed unanimously a series of resolutions denouncing the outrage upon the American flag and the murder of American citizens, by the Spanish authorities in Cuba. The resolutions were advocated in an eloquent speech "by an ex-Confederate member," who in the course of his remarks, said:

"When he first read the account of the butchery, a feeling came over him that he had never supposed could possess him again, since the rebellion—*the emotion of an American citizen*—that he desired the General Assembly of Alabama to denounce, with patriotic indignation, the murder of American citizens, and to send words of cheer to the Administration that, in vindicating the National honor and protecting the lives of Americans in Cuba, Alabama would most cordially second its efforts by all means in her power."

A Healthy Sign.

The press of the country is drawing a sigh of relief at the unexpected conviction of WILLIAM M. TWEED, on all the counts of the indictment against him.

It is considered somewhat remarkable that a person of TWEED'S reputed wealth and influence has been found guilty of crime by a New York jury.

The Washington *Republican* refers to it as the greatest and most magnificent moral victory of the times. But the *Republican* does not deign to mention the fact that notwithstanding he had been prominent as a Tammany Democratic politician in the city of New York, it was through the influence of leading Democrats that TWEED and his associates in plunder were overthrown and disgraced. Such men as SAMUEL J. TILDEN, CHARLES O'CONNOR and other prominent Democratic lawyers were the active prosecutors of the swindling officials who had robbed the city treasury without stint, and then divided the booty like honest thieves in proper proportions among the accomplices in the crime.

There were twelve counts in all in the indictment against TWEED, and Judge DAVIS, a Democratic Judge, sentenced him to the full penalty of the law—twelve years imprisonment and fines to the amount of twelve hundred and fifty dollars. The Judge, in pronouncing the sentence of the Court, alluded to the highly responsible and honorable public offices held by TWEED at the time of the commission of the offences with which he was charged, and the respect and affection in which he was held by a large class of the community in which he lived. He said:

"You, with all these important public trusts devolving on you—with all the opportunities you had, had you faithfully done your duty to the public, to win the honor and respect of the whole community—saw fit to pervert the opportunity you possessed and the powers with which you were clothed, in a manner more wicked, more infamous and more outrageous than any instance of like character which the whole history of the civized world contains. Instead of protecting the public you plundered it; instead of standing where the law placed you, over the treasury of your country, you threw that treasury open, not only to your own rapacity, but also to the avarice of your associates, under circumstances which make it transparent that you were engaged in a conspiracy to plunder the treasury of this country in which yourself and your associates in crime were principally to benefit."

The Judge scouted the idea which had been dwelt on at length by TWEED'S counsel, that this was a political persecution, or a struggle between the ins and outs. He said "the struggle had been a struggle of honesty and fraud, between virtue and vice."

It is refreshing in these times of demoralization and judicial corruption, to find a Judge who has independence and integrity to defy the allurements of bribery and to ally himself on the side of honesty and virtue. It is the exception rather than the rule. The New York Courts especially have fallen into great disrepute on account of the corruption which, like a moth, has eaten into the judicial ermine in that State. But there is need of more Judges like DAVIS, not only in New York, but in many other sections of the country.

A pure, independent, incorruptible judiciary is the strongest safeguard of Republican institutions, and the surest protection for the rights, property and liberty of the citizen.

Historical.

During the absence of the Editor from his post, a communication was published in the RALEIGH NEWS from a distinguished source, giving some arguments *pro* and *con* touching the authenticity of the Mecklenburg Declaration of Indepen dence.

While the discussion was going on between Messrs. GOODLOE and DOWD on the subject, we took no part, as we preferred to wait until the argument was exhausted by the gentlemen who were investigating the matter, and then we promised our readers to give the substance of the views on each side We understood that both Gov. GRAHAM and Mr. GOODLOE were preparing pamphlets relative to the Declaration, the former in favor of the authenticity of the Mecklenburg Declaration of the 20th of May, 1775, and the latter contending that the meeting of the 31st of May, 1775, was the first body to take action in behalf of the rights of the colonies.

We took it for granted that the 20th of May Declaration was genuine, its validity was generally accepted by the masses of this as well as other States. We were not aware, until the recent discussion arose, that there were any serious doubts on the subject in the minds of any respectable number of North Carolinians, and we therefore considered the matter settled.

But the discussion having been opened, it has attracted more attention than we anticipated. It has given rise to a controversy, which seems likely to prove interminable.

The article on the subject published in the NEWS during our absence was copied in other papers, and was commented on by the Washington *Republican* in some complimentary remarks. We notice in the last *Republican* a communication on *The Mecklenburg Declaration*, which we may publish hereafter, in which the writer refers to the article copied by the *Republican* from the RALEIGH NEWS, and corrects one material statement made by our correspondent. The correspondent of the RALEIGH NEWS stated that: "No material testimony concerning the Mecklenburg Declaration of Independence of May, 1775, has been discovered since 1847, and all given before 1847, was given without knowledge or suspicion that the resolves of May 31, were in existence." The correspondent of the *Republican* denies this, and says: "So far from it being true that until 1847 there was no knowledge or suspicion that the resolves of May 31 were in existence, they had been discovered by PETER FORCE of this city several years previously, had been published by him, had been widely discussed by the newspapers of North Carolina and elsewhere, and practically the question had been settled, that they, and not the paper of May the 20th, formed the true and only Mecklenburg Declaration. The resolutions were published by Mr. FORCE in the *National Intelligencer*, December 18, 1838." This correspondent shows that the resolves of 31st May, were published in the Massachusetts *Spy*, of July the 12th, 1775, and in the *New York Journal* of June 29th, 1775, and that Mr. PETER FORCE had in his possession copies of both of these papers in his library in Washington City, the 26th of June, 1840. The *Republican's* correspondent who signs his initials, W. Q. F., gives extracts and facts to sustain his position, and concludes his article by saying: "It is not necessary to add more. Less would not be just to the memory of my father." From which we conclude that he is the son of the late PETER FORCE.

The strike of the Pittsburgh printers belonging to the Typographical Union has turned out disastrously for the printers. They left the newspaper offices in a body, because one of the papers employed new hands in place of the Union men, previously at work there. Men not belonging to the Union were then employed by all the offices, and a number of the strikers have since been arrested for conspiracy and sent to jail.

Captain Speedy, a British officer who distinguished himself in the Abyssinian campaign, has entered the service of the Rajah of Larut, and is to receive a salary of £1,000 per month. Until lately Captain Speedy was the tutor of Prince Alamayu, son of the late King Theodorus of Abyssinia.

The *Pall Mall Gazette* is exceedingly savage upon Mr. Joaquim Miller's "Life Among the Modocks," which it pronounces "pompous" and "dull," with a good deal more which is calculated to set Mr. Miller again on the war path.

The author of "John Halifax, Gentleman," has just completed a new domestic love story, entitled "My Mother and I," which will appear in England in *Good Words*, and doubtless be republished in America by Harper Bros.

Mr. Disraeli is not usually an alarmist. But in his speech at Glasgow on Saturday, he predicted a great struggle in Europe, between the temporal and spiritual powers, and expressed a fear that the conflict would end in anarchy.

Wisconsin has got a Lilliput who beats Tom Thumb. He is of a devout turn of mind, his age is eighteen years, his height twenty-seven inches, his weight a little over a pound to the inch, and his name is Lewis.

James Howard and John Center, two forgers from New York, were arrested at St. Louis Saturday for passing a forged check on the Broadway bank one day last week.

The Boston people are proposing to elect some ladies on the school committee at the coming election.

SPECIAL NOTICES.
BILLOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver, or "Biliousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.
How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in hot ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor HENRY POTTER, late Judge of the United States Court of the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.
H. POTTER."
Prepared by E. R. Beckwith, successor to Dr. John Beckwith's Proprietor, Petersburg, Va. Sold by Druggist generally at 25 cents per box. Joseph Carr, Wholesale Agent, Petersburg, Va.

A great part of Europe lives in constant peril of a deluge. The rise lately of the Neva, and the inundation of St. Petersburg, was only one type of what might happen at any time to the whole of Holland, and does occur nearly every year in portions of France and Italy. In Holland, a leak may be sprung at any moment in the great ocean dykes of sand wattled with the roots of trees and grass. A spring tide driven by northwest winds has more than once brought on serious danger, and sometimes in the darkness of the night, in spite of the vigilance which constantly guards these barriers, an attack all along the line by the wind and waves, may send the ocean boiling and roaring over the richest farms in the world, and fair cities, and dreaming country-houses. The great rivers, too, are almost as dangerous as the ocean. Every year the rain-fall and the melting snows from Switzerland and Germany come pouring down upon the flats of Holland. Here the sluggish mass slowly drags itself between costly embankments to the sea. At Ratwyk, the Rhine is positively lifted out of Holland by powerful machinery. In France floods are of perpetual occurrence, and appear to have become more disastrous of late years. The Rhine and the Loire are utterly unmanageable. Of other rivers, the Elbe, the Danube, the Po, the Tagus, and even the Rhine and the Guadalquiver, are at times tremendous agents of devastation—a kind of Jones' Falls on a large scale.

Almost the only persons in the country who are unaffected by the present excitement in Cuba, and who are utterly opposed to a war, are, if we may believe the interviewing reporters, the Senators and members of Congress. This fact, if it be a fact, seems a little strange, but we suppose they are acting upon the theory that they are elected to represent, not the people, but themselves, and that they are too much engaged in their own little jobs just now to undertake so large a one as that of engaging in a foreign war and properly punishing the insult that has been put upon the country. This is, of course, all wrong. The session will be a long one, and a war with Spain would occupy only six or eight weeks. It is not certainly asking of them too much to devote two months to public business. For the remaining six they will have ample time to look after their own little matters.—*Washington Republican.*

CAPTAIN FRY.—The lamented Captain Fry was well known in Mobile. The *Register* says of him:

"He leaves a widow and seven children—the eldest a cripple—in New Orleans, in destitute circumstances. Several gentlemen—old friends and comrades—will call on our citizens for contributions for the relief of those loved ones, for whose support he had embarked in his last dangerous service. May their success be commensurate with his merit.

Some enterprising rum-sellers are running a floating bar-room up and down the shores of Lake Champlain, thus escaping the penalties of the Vermont liquor-law.

We are spending twenty millions annually on our navy. In this respect it is ahead of anything in the world.

A Plucky Conductor.

How some western gamblers found their master in a Michigan conductor is thus told by the Detroit *Free Press* of Friday: "For the last month a trio of monte men have been 'working' the lines running into Detroit. They have been put off the Central, chased off the Detroit and Milwaukie, and kicked off the Lansing road, but they made a fresh start the other morning on the Southern, going out on conductor Wilsey's train. At the depot they got in with an old man named Fremont, who lives in Pittsburgh, and was on his way home. They pretended to live in Pittsburgh also, and soon after getting on board the train they brought out their cards. Fremont is one of those smart old chaps who think themselves posted, and he knew the game, and decided to make some money out of them. He lost $5, then $10, and between Detroit and the junction he lost $55. This was all the money he had, but his blood was up, and he had hauled out a heavy gold watch to stake on the next bet when the conductor passed along. Seeing what was going on, Wilsey told the old man to put up his watch. At this one of the gamblers snatched it, saying 'I have won this,' and then looked up at the conductor with a face full of brass. The train had been at standstill, and as it started the conductor pulled the signal to stop, and turned to the gamblers and demanded that they give Fremont back his money. They refused in chorus, and one of the gamblers, as the conductor's coat came off, shouted 'This is better,' and pulled out a revolver and lined it on Wilsey's eye. 'Commence shooting,' replied the conductor, and out came his own pistol, and for twenty seconds two revolvers were held up into two men's faces, hammers up and fingers on the triggers. The two other gamblers began to feel for their hip-pockets, when Wilsey quietly said, 'if you don't hold up your hands I'll blow the top of your head off!' At that moment a Cleveland merchant and a Toledo lake captain came up, each with a cocked revolver. At this the gamblers offered to restore the watch, and when they had done so, the conductor made them return the full $55. 'Now, then,' said he, when he was through with them, 'get off this train! I shall remember you, and if I ever catch one of you on my train again I'll have the engineer run her up to sixty miles an hour, and my brakemen will pitch you into the first swamp.' The fellows were ready to go."

The disasters to the Gloucester (Mass.) fishing fleet during the past year caused the loss of one hundred and fifty-two lives and twenty-four vessels, of an aggregate tonnage of 1,287, and $110,000 in value.

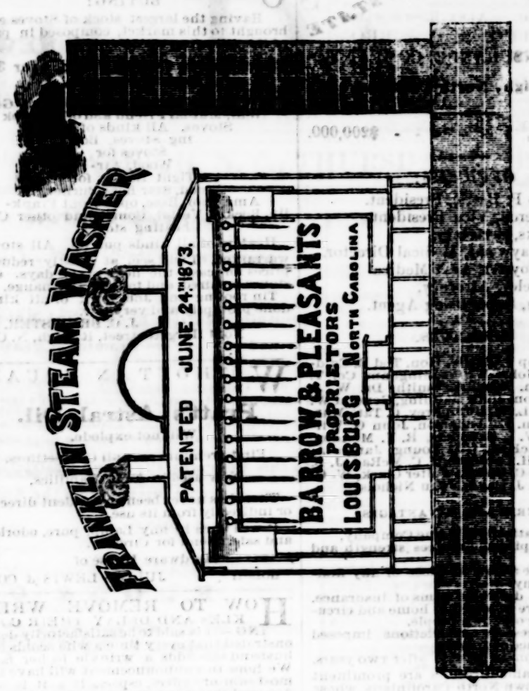
THE VERY LATEST IMPROVEMENT.



PATENTED JUNE 24TH, 1873.

Satisfaction Guaranteed in Every Instance.

OTHER MACHINES HAVE THEIR PECULIAR MERITS—THIS HAS NO DEFECT.

The Washing of a Family of Ordinary size Easily Accomplished before Breakfast!

Have Never Known One That Failed to Give Satisfaction!

No other Machine can be sold after the "FRANKLIN" has been Tried.

From One to Two Thousand Dollars a Year Guaranteed to Working Men!

Every County Sold in Which it has been Introduced.

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!!

The Inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "Improved" Woman's Friend in certain territory. While manufacturing these machines, and watching attentively their action and the manner in which they operated, and the results, he discovered certain prominent defects therein. He spent ten months in the study of the subject of finding remedies for these defects. He has at last succeeded—and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of certificates of its worth from those who have used it, but for the present we prefer the WASHER to speak for itself. We give a few below:

Messrs. BARROW & PLEASANTS, LOUISBURG, September 27th, 1873.
GENTLEMEN:—Mrs. Davis has tried the "FRANKLIN STEAM WASHER" and instructs me to say, in reply to your enquiry, that she is well pleased with it, and believes it to be all that you claim for it as a labor saving Machine. It does its work well and diminishes, by more than half, the labor of washing. She cheerfully recommends it
JOSEPH J. DAVIS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 10th, 1873.
GENTLEMEN:—Before purchasing your Steam Washer, I paid four dollars per month for our family washing; now without any additional help, I have the washing done at home and pay fifty cents a week to have the ironing done. In this way I save $2 per month, and my clothes are much whiter, and I am satisfied, will last much longer than when washed by rubbing or the use of a board. It is all that you recommend it to be.
Very respectfully, Mrs. C. M. COOKE.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 11th, 1873.
GENTLEMEN:—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be. Very respectfully, Mrs. P. B. HAWKINS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 8th, 1873.
GENTLEMEN:—I have been using your Franklin Steam Washer for some time and can safely say is far the best I ever saw. I cannot do without it. Mrs. A. W. WILSON.

Messrs. BARROW & PLEASANTS, FRANKLINTON, September 9th, 1873
SIRS—Mrs. Gibbons has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success. Rev. H. H. GIBBONS.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 4th, 1873.
GENTLEMEN:—I take pleasure in recommending your "Steam Washer." I acknowledge myself to have been incredulous with regard to yours, after having tested several others that had been as highly recommended to me; but the inconvenience to a large family, of not being able to get a good washer, regularly, induced me to give yours a trial. I am gratified to pronounce it a perfect success. I used it according to directions, and did two week's washing in two hours, nor did I give the first RUB. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.
Respectfully, Mrs. W. H. FURMAN.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 12th, 1873.
GENTLEMEN:—Through the kindness of your agent, Mr. J. J. Person, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.
Respectfully, Mrs. Dr. J. B CLIFTON.

Messrs BARROW & PLEASANTS, LOUISBURG, June 30th, 1873.
DEAR SIRS:—I take pleasure in testifying, that I have used your "Steam Washer," with perfect success, and find it by far the most speedy and effectual mode of cleansing all kinds of fabrics I have ever known.
Very truly, Mrs. Dr. W. R KING.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 5th, 1873.
GENTLEMEN:—My wife has been using the "Franklin Steam Washer" for some time and she, as well as the washerwoman, are highly pleased with it.
Very truly, ELLIS MALONE, M. D.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 3rd, 1873.
GENTLEMEN:—I have used the "Steam Washer" I purchased of your agent, Mr. J. J. Person, and find that it will do more than you recommend. We are more than pleased with it. Respectfully, S. E. COOK.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 30th, 1873.
SIRS:—I take pleasure in recommending your "Steam Washer." It is a complete success. My clothes are whiter than ever before, and that without labor. A very short while with the "Washer" will save a hard days washing.
Yours truly, Mrs. T. C. HORTON.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 24th, 1873.
GENTLEMEN:—I have been using the "Steam Washer" about one month. It surpasses my expectations; it is all that you say for it. I am highly pleased.
Yours truly, Mrs. T. A. PERSON.

Messrs. BARROW & PLEASANTS, WARREN COUNTY, Sept. 15, 1873.
GENTLEMEN:—I have tried your Steam Washer, and find it an admirable success. I cheerfully recommend it to all.
Respectfully, Mrs. Dr. GEO. FIELD.

Messrs BARROW & PLEASANTS, FRANKLIN COUNTY, Sept 3, 1873.
GENTLEMEN:—I have used your Steam Washer with perfect success I find it a great saving of the clothes, time and labor and more than half the soap.
Respectfully, Mrs. J. B. LITTLEJOHN.

Messrs. BARROW & PLEASANTS, SHADY GROVE, Warren County, Oct. 1, 1873.
GENTLEMEN:—I have tested the Franklin Steam Washer, sold in this county by Mr. G. F. Littlejohn, and find it a perfect success, and I recommend it to everybody.
Yours with respect, Mrs. J. A. WILLIAMS.

OURSELVES AS OTHERS SEE US:

"We take pleasure in saying that the "Franklin Steam Washer" is all that its proprietors claim it—a complete success. We hazard nothing in saying that nothing has ever been put upon the market that meets with such universal favor. We are yet to hear of the first one that does not give entire satisfaction.—Louisburg Courier.

"It is meeting with universal and unprecedented favor among domestic circles."—Rocky Mount Mail.

"Messrs. Barrow and Pleasants constitute one of the strongest and most reliable firms in Louisburg, and from what we have heard of the "Franklin Steam Washer" and the high character of the parties controling it, we have no doubt but that it is all that they represent it to be."—Biblical Recorder.

"The patentees claim for the "Franklin Steam Washer" a superiority over all others, and from the description we have had of its workings, we believe its claims are well founded."—Christian Advocate.

"We have known Messrs. Barrow and Pleasants from "our youth up," and know they would not recommend anything unworthy of patronage. They are leading merchants in Louisburg."—Asheville Citizen.

We have acquired by purchase of the Patentee, Mr. S. W. Bartholomew, the sole right to manufacture and to sell the right to manufacture the "Franklin Steam Washer" within the United States and Territories.

We now offer the "Franklin Steam Washer" to the American people with full confidence that it will do all that we claim for it, and in order to introduce it as rapidly as possible, we are offering great inducements to working men who want to make money; we will sell State or County rights on very reasonable terms; for instance, we will sell the right to a county with ten thousand inhabitants for one hundred dollars. Within twelve months, if properly managed, the person can sell from three to five hundred Washers, at a profit of five dollars each, and his right will be worth more at the expiration of that time than it was at first, from the fact that it has been introduced and will sell in almost every family.

To parties wishing to buy State or county rights, we will, send, on receipt of five dollars, just one-half of the retail price, the "Franklin Steam Washer" complete, with instructions how to use, &c.; and after satisfying themselves that it is what we recommend it to be, they can correspond with us in regard to territory wanted, our terms, &c. We desire a good reliable General Agent in every State in the Union, and we invite correspondence with workingmen who would like to make money. None need apply who cannot furnish satisfactory evidence of their integrity and reliability.

Any tinner can make the "Washer," or parties buying county rights, can obtain them through us at cost.

All persons are warned against manufacturing or selling the "Franklin Steam Washer" without authority from us. Any person infringing upon our rights in this matter will be prosecuted.

Our Mr. PLEASANTS will have rooms at the Yarborough House during Fair week and will give any information desired.

TO ALL WHOM IT MAY CONCERN:

We are well acquainted with Messrs. Barrow & Pleasants; as merchants they are doing a leading Business in their town. They are men of strict integrity and in every way reliable and responsible. They do what they engage to do.

TURNER'S ALMANAC

It is undoubtedly the best publication of the kind in the State. There is none other to compare with it in point of usseful information and general adaptation to the wants of our peop e.—[Carolina Watchman, Sailsbury.]

* * * This Almanac is the most valuable now published in North Carolina and should be in every family.—[Tarboro Southerner.]

TURNER'S N. C. ALMANAC.—This is one of the most complete almanacs ever published in North Carolina, and contains features that others have never known.—[Christian Advocate, Raleigh.]

It is sold for 10 cents and is richly worth ten times the price.—[Warrenton Gazette.]

The department devoted to the annual State record of 1873, is a new feature of the Almanac tha will commend it to popular favor every where.—[Daily Journal, Wilmington.]

It is a neat, well gotton up, useful, ornamental, humorous, practical, and scientific work, which ought to hang on a nail by the mantel piece of everybody, and if our merchants are as sharp as we think they ought to be, they will not hesitate to send for a supply for their customers.—[Western Vindicator, Newton.]

The information in regard to the State and National Governments, their officers, &c., is worth more than the price of the Almanac.—[Charlotte Democrat.]

It is carefully calculated by Rev. Dr. Craven of Trinity College, and altogether forms such an interesting reference book for the Farmer, Merchant and others that they will be fully compensated in the small outlay of 10 cents a copy.—[Times, Newbern.]

☞ For sale by Merchants and Post-masters throughout the State.
